1 Introduction

This corporate governance statement for NNIT A/S ("NNIT") has been prepared in connection with the Annual Report for the financial year 2020. Corporate governance refers to the way a company is governed as well as the interaction between a company's managerial bodies, its shareholders and other stakeholders. The purpose of corporate governance is to adopt procedures and rules to support and improve the control and management of NNIT. The statement includes a description of the company's management structure, a review of how the company considers the Danish Recommendations on Corporate Governance issued by the Committee on Corporate Governance November 23, 2017 as well as a description of the main elements of the internal control and risk management systems in connection with the company's financial reporting.

2 Board of Directors

As is current practice in Denmark, the company has a two-tier management structure where powers and responsibilities are distributed between the Board of Directors and the Executive Management. No person serves as a member of both corporate bodies. The two bodies are independent. The Board of Directors supervises the work of the Executive Management and is responsible for the overall management and strategic direction, while the Executive Management handles the day-to-day management.

The Board of Directors currently consists of six members elected by the general meeting and three employee elected members. A chairman and a deputy chairman have been elected by the general meeting. Four of the six members of the Board of Directors elected by the general meeting are independent. The members of the Board of Directors comprise a group of professionally skilled business-people also representing diversity and international experience.

The Board of Directors also conducts an annual review of the Board of Directors' performance and achievements, including the competencies of each board member, and the cooperation with Executive Management. Furthermore, the Board of Directors annually evaluates the work and performance of the Executive Management.
